

HUGHES CREEK PLANTING DAY

Help us improve riparian condition along the Hughes Creek, by joining us to plant and guard some native seedlings.

This work will complement adjoining instream habitat works (pictured left), undertaken to improve fish passage and habitat for our native fish.

Where: 300m upstream of the gauging station on Tarcombe Road, Avenel. Please note: 2WD vehicles cannot access the planting area and must park at the gauging site.

When: Sunday 7th July

Time: 9.30 morning tea, 10am start – noon, followed by BBQ lunch prepared by Native Fish Australia (NFA) volunteers

Bring: sturdy shoes, gloves and raincoat

RSVP: Christine Glassford on 0419 567 461 or via christineg@gbcma.vic.gov.au by COB Thursday 4/7
